

Geography Department Activities 2018-19

1) Orientation Programme:

- The Departments of Geography and Sociology jointly organised an Orientation Programme for their first semester students on the 4th of July, 2018.

2) Screening of Documentary:

- On the 20th of June 2018, two documentaries (30 minutes each) were screened, in the college auditorium:
- The first documentary screened was the “Land of the Rising Water” produced by Centre of Science and Environment,
- The second documentary was “H2wOe: India’s Water Crisis” which highlighted the water crisis and water management in India

3) Educational Visit to Survey of India

- The department organised an educational visit for the 5th semester students to the Survey of India, Malki on the 14th August 2018, accompanied by three teachers of the department.
- Students were acquainted with the art and science of map making and surveying which falls under Geographic Information System and Remote Sensing.

4) Visit to The Ever-Living Museum

- The 3rd semester students accompanied by all the teachers of the department were taken to the Ever-Living Museum at Mawshbuit on the outskirts of Shillong on the 25th August 2018.

5. Field study for 6th semester students

- As part of the academic curriculum, the students of 6th semester on the 23rd February 2019 conducted a socio-economic survey at Mawpdang village about 10 kms from

Shillong; under the supervision of four teachers from the department.
