

Saint Mary's college has two canteens, in the main campus and the Oakville campus. The canteens are run by two separate caterers providing affordable and wholesome food for the students and the college staff. Regular meals centering round breakfast and lunch are served daily. Apart from these meals snacks of varied kinds are also served throughout the day. The Canteens are well maintained by efficient and diligent staff, with proper emphasis on hygienic preparation of food to serve the hundreds of students who depend on the college canteen for nourishment.
