Dear Sir Cajee,

I hope this message finds you well.

We are excited to introduce the **1M1B Green Skills Academy**, which is now launching in Meghalaya! This program is designed to empower young leaders with the essential skills required to excel in the green economy. It focuses on fostering a Sustainability Mindset while providing hands-on experience through Green Job Simulations, Internships, and Training. Participants will also gain insights into the use of cutting-edge technologies like AI in tackling sustainability challenges.

Through this program, students will have the chance to engage with green internships, connect with industry leaders, and receive guidance on sustainability practices. Exceptional participants will even have the opportunity to represent Meghalaya on international platforms, such as the UN.

We kindly request your support in disseminating this information to students across the state to ensure widespread participation. Details for registration and the program flow are included **below**.

Thank you for your continued support in this important initiative.

Dear Students,
